

TEJASHWINI MALGE

AI/ML Engineer · LLMs · RAG · Agentic AI · Full Stack Background

7619433994 • trmalge@gmail.com • [linkedin.com/in/tejashwinimalge](https://www.linkedin.com/in/tejashwinimalge) • github.com/Tejashwini-Malge

SUMMARY

AI/ML focused Computer Science Engineering student (CGPA: 9.58) with hands-on experience building LLM applications, RAG pipelines and Agentic AI systems. Skilled in prompt engineering, multi-agent orchestration, and end-to-end AI workflow design using LangChain and OpenRouter. Strong communicator with leadership experience coordinating 200+ students and mentoring 750+ students.

EDUCATION

B.Tech — Computer Science Engineering

2023 – 2027

Srinivas University Institute of Engineering and Technology, Mukka **CGPA: 9.58** | **SGPA: 9.83**

PROJECTS

AIRA — AI-Powered Personalized Interview Assistant | *Python · LLMs · LangChain · FAISS · Prompt Engineering · API Integration*

- Designed an LLM-based assistant with adaptive personalized questions, performance feedback, and contextual explanation workflows for personalized learning.
- Implemented structured prompt engineering pipelines.

GitHub: github.com/Tejashwini-Malge/Aira

BlogAgent — Autonomous Multi-Agent Content Generation System | *Python · CrewAI · LangChain · OpenRouter · Prompt Chaining · CLI*

- Built a multi-agent AI system using CrewAI with ResearchAgent, WriterAgent, and EditorAgent working in a coordinated pipeline to autonomously generate structured blog content.
- Implemented prompt chaining across 3 pipeline stages — tone setting, outline generation, and full content drafting — producing publication-ready output in a single CLI run.
- Integrated OpenRouter for flexible LLM routing; deployed as a production-ready, version-controlled CLI tool with end-to-end pipeline execution.

GitHub: github.com/Tejashwini-Malge/BlogAgent

ShopKart — Conversational AI Shopping Assistant | *Python · RAG · LLMs · LangChain · Feature Extraction · FastAPI*

- Building a conversational AI that helps users find fashion products through natural language using RAG with derived feature extraction to match fit, colour, and price preferences.
- Designing multi-turn dialogue management with memory-aware context to handle follow-up queries and preference refinement across a conversation.

GitHub: github.com/Tejashwini-Malge/Shopkart

INTERNSHIP EXPERIENCE

DevOps Intern — HI-Ideals Technologies Pvt. Ltd.

May 2025 – Jun 2025

- Built and deployed Linkify, a full-stack LinkedIn-style platform managing end-to-end CI/CD pipeline, Docker containerization, and production deployment workflows.
- Designed scalable REST APIs and MongoDB data models with architecture and Microservices.

GitHub: github.com/Tejashwini-Malge/Linkify

TECHNICAL SKILLS

AI / ML: LLMs · RAG · LangChain · CrewAI · Prompt Engineering · Generative AI · NLP · Agentic AI · LlamaIndex · FAISS · ChromaDB · HuggingFace · OpenRouter

Programming: Python

Tools & DevOps: Git · GitHub · Docker · Docker Compose · CLI Tooling

Core CS: System Design · Data Structures · OOP

HACKATHONS & COMPETITIONS

- Smart India Hackathon (SIH) 2025 — Intra-College Round 1st Place
- Smart India Hackathon (SIH) 2024 — Intra-College Round 2nd Place
- State-Level Hackathon 2025 — Cleared Design Thinking Round (State Level)
- Experienced in technical pitching, rapid prototyping, and live demo presentations under competition pressure.

LEADERSHIP & COMMUNITY

LinkedIn & Networking Trainer — AmplifyU by HI-Ideals

May 2025 – Present

- Conducted sessions on AI-Agents, LinkedIn branding, communication, and professional presence across colleges in Mangalore, Bidar, and Tamil Nadu.
- Reached 750+ students and grew a personal LinkedIn network of 2,800+ connections, building consistent public presence in AI, Tech and Communication.

Event Coordinator & Speaker

- Coordinated and hosted multiple college events as coordinator, anchor, emcee, and speaker.
- Appointed as Computer Science Department Speaker's Club Coordinator.
